Objet : Confirmation by John Zorich (M-1026) per letter 2004-05-07

May 16, 2004

Accademia Qualitas

(cc: Kema Registered Quality)

Dear Sir/Madam:

(Could you please "reply" to this email, so that I know that you received it. Thanks)

This past Friday (May 14, 2004) I received a letter from you (dated May 7, 2004) (see copy attached). The letter asks that I complete certain tasks in order to retain my CMDCAS auditing qualification certificate (M-1026 --- see copy attached). I very much want to retain my certificate.

The letter states that I was sent an email in April of this year. It may have been lost, because I did not receive it.

Changes (or updates) to my contact information:

My current email, home address, and phone # are:

JOHNZORICH@YAHOO.COM (this email address may differ from your records)

John Zorich
815 Mulberry Lane
Sunnyvale, CA, USA, 94087

1-408-203-8811

Please note that I am no longer affiliated with TUV Product Services, so please remove that information from the physical address that you used to send the letter to me.

I currently am an auditor for another CMDCAS Qualified Registration Body, namely KEMA Registered Quality.

There are no additional significant "other changes" (as stated in your letter) to my contact information.

To fulfill the other requests stated in your letter, I declare and confirm the following:

I understand that the Canadian Medical Devices Regulations, initially published in 1998, have since gone through 3 amendments since that time. I have downloaded & read the new consolidated version of the CMDR, and I understand all the amendments. I will ensure that I have a copy of the consolidated version of the Regulations with me at all times when I am performing a CMDCAS audit, as well as a copy of both GD207 and GD210.

Thank you,

JOHN N. ZORICH JR.
